Who is a Campus Security Authority?

In addition to the campus Police Department, the following are considered to be Campus Security Authorities and must report crimes reported to them:

1. **Individuals with Campus Security Responsibility** – For example parking information kiosk operators, parking enforcement staff, bicycle patrol staff, campus safety escort staff, and campus security staff for events held at campus theaters and spectator athletic events held in campus facilities.

2. **Designated Individuals** - An individual or organization identified in the campus statement of Policies for Reporting Criminal Actions and Emergencies as an individual or organization to which students and employees should report criminal offenses. Campus administration must assign responsibility for receiving such reports according to local conditions. The statement must be included in the Annual Security Report.

3. **Officials with Significant Responsibility for Student and Campus Activities** – Campus officials who manage or otherwise oversee student and campus activities. For example, A dean of students who oversees student housing, a student center or student extracurricular activities; a director of athletics, a team coach, assistant coach, trainer or a faculty advisor to a student group; a student resident advisor or assistant or a student who monitors access to dormitories; a coordinator of Greek affairs; a physician in a campus health center, a counselor in a campus counseling center or a victim advocate or sexual assault response team in a campus rape crisis center if they are identified by your school as someone to whom crimes should be reported or if they have significant responsibility for student and campus activities. However, if these individuals are not identified as people to whom crimes should be reported or do not have significant responsibility for student and campus activities, they would not be considered CSAs

The following officials are exempt from reporting when they are acting as pastoral or professional counsels. For this purpose:

- **A Pastoral Counselor** is a person who is associated with a religious order or denomination, is recognized by the religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

- **A Professional Counselor** is a person whose official responsibilities including providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Other persons who have significant responsibility for campus and student activities and counsel or advise students and employees are not exempt from reporting, even if the counseling is confidential.
